**MEMORANDUM FOR: Chairman, DD/S&T Historical Board**

**SUBJECT: Progress Report**

**REFERENCE: Memo from DD/S&T Historical Board to  
DD/S&T Office Historians dated 13 March 1968;  
Subject: History Program (DD/S&T 482-68)**

1. Though considerable work has been accomplished on the history of OSA, the portion covering the OXCART history has only been started. The person whom we had planned to assign this portion of the history was reassigned to other tasks internally in OSA and will not be available to prepare the OXCART history. This will result in a delay of several months in completion of the history of OSA.

2. Unless the completion of the history enjoys a higher priority than other work in OSA, we will continue to proceed on a spare time basis and attempt to complete the history as early as possible.
